

Product Description	Type of Varnish	Technical Data									Product Data Sheet
		Technical Viscosity DIN 4mm/20°C	Gloss	Matt	Abrasion resistance	Glide	Drying speed	Further refinement	Blocking resistance	Application	
PC WB GS 1004	Dispersion varnish, glossy	60 s	good	no	protection for further processing	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB GS 1242	Dispersion varnish, glossy	40 s	good	no	protection for further processing	average	fast drying	Yes 1)	good	Low migration varnish, ISEGA certificate, dry products	<a href="#">download</a>
PC WB GS 1040	Dispersion varnish, glossy	40 s	good	no	good	average	fast drying	Yes 1)	good	Low migration varnish, ISEGA certificate, dry products	<a href="#">download</a>
PC WB GS 0040	Dispersion varnish, glossy	40 s	very good	no	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB GS 1240	Dispersion varnish, glossy	40 s	very good	no	very good	average	fast drying	Yes 1)	very good		<a href="#">download</a>
PC WB HGS 1340	Dispersion varnish, glossy	40 s	very good	no	very good	good	fast drying	Yes 1)	the highest	Double-sided printing on low-basis-weight paper	<a href="#">download</a>
PC WB HGE 1440	Dispersion varnish, glossy	40 s	very high	no	good	average	average	Limited	good		<a href="#">download</a>
PC WB MS 1540	Dispersion varnish, glossy	40 s	good	no	good	average	fast drying	Yes 1)	good	for metallised surfaces and metallic inks	<a href="#">download</a>
PC WB AS 1640	Dispersion varnish, glossy	40 s	good	no	good	low	fast drying	Yes 1)	good	Non-slip	<a href="#">download</a>
PC WB HR 9320	Dispersion varnish, glossy	40 s	good	no	good	good	fast drying	Yes 1)	good	High temperature resistance	<a href="#">download</a>
PC WB FGS 2900	Dispersion varnish, glossy	40 s	very good	no	good	good	fast drying	Yes 1)	very good	Barrier varnish	<a href="#">download</a>
PC WB GS 0016 Flexo	Dispersion varnish, glossy	25 s	good	no	good	average	fast drying	Yes 1)	good	Flexo, uncovered and covered cardboards	<a href="#">download</a>
PC WB GS 9500 LOM	Dispersion varnish, glossy	40 s	good	no	good	average	fast drying	Yes 1)	good	Low migration varnish, ISEGA certificate, dry products	<a href="#">download</a>
PC WB GS 9700 LOM	Dispersion varnish, glossy	40 s	good	no	good	average	fast drying	Yes 1)	good	Low migration varnish, ISEGA certificate, dry and greasy products	<a href="#">download</a>
PC WB Primer 190	Dispersion varnish, glossy	40 s	good	no	good	low	average	Yes 1)	good	UV varnish and hotstamping primer	<a href="#">download</a>
PC WB Primer 351	Dispersion varnish, glossy	40 s	good	no	0	low	fast drying	Yes 1)	good	UV varnish primer for varnishing tower I	<a href="#">download</a>
PC WB NM 1035	Dispersion varnish, matt	40 s	no	matt	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB NM 0035	Dispersion varnish, matt	40 s	no	matt	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB NM 4335	Dispersion varnish, matt	40 s	no	matt	good	average	fast drying	Yes 1)	the highest	Double-sided printing on low-basis-weight paper	<a href="#">download</a>
PC WB SILKMATT 3341	Dispersion varnish, matt	40 s	no	silk matt	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB SM 1133	Dispersion varnish, matt	40 s	no	silk matt	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB NEUTRAL 1125	Dispersion varnish, matt	40 s	no	neutral	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB 0025 NEUTRAL	Dispersion varnish, matt	40 s	no	neutral	good	average	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB MM 4451	Dispersion varnish, matt	40 s	no	dull matt	good	low	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB FM 0045	Dispersion varnish, matt	40 s	no	deep matt	good	low	fast drying	Yes 1)	good		<a href="#">download</a>
PC WB FM 4540	Dispersion varnish, matt	40 s	no	deep matt	good	low	fast drying	Yes 1)	very good	Double-sided printing on low-basis-weight paper	<a href="#">download</a>
PC WB Primer 196	Dispersion varnish, matt	45 s	no	neutral	good	average	average	Yes 1)	good	UV varnish and hotstamping primer	<a href="#">download</a>
PC WB NM 9535	Dispersion varnish, matt	40 s	no	matt	good	average	fast drying	Yes 1)	good	Low migration	<a href="#">download</a>

1) Due to varying quality a former test of UV varnish, hot-stamping foil and glue is strictly required.

The above data based on our laboratory tests and practical experience and serves information purposes only. Therefore they may not constitute the basis for any legal claims.
