TECHNICAL DATA SHEET

BLANKET

PC EASY PRINT PLUS

**High quality print on paper and board.
Suitable for newspapers , metal, plastic and for varnishing.**

- Top class offset rubber, designed for modern printing machines
- Printing layer is highly resistant to physical and chemical agents
- Excellent ink transfer, very sharp dots and easy sheet release
- Bottom layer is varnished and additionally enforced with carbon fiber protecting from stretching of rubber and increasing the resistance to mechanical damage

TECHNICAL DATA

Printing substrate	Colour: light-blue Construction: enforced with fiber Surface: flat, sanded and polished Roughness - Ra 0.6 – 0.9µm Surface hardness: 79- 80 shore A
Elongation	Less than 0,7 at 500N/5cm
Compression	0.5 – 0.7 mm
Bottom layer	Varnished
Nominal thickness	1.95mm +/- 0.02mm 1.70mm +/- 0.02mm
