TECHNICAL DATA SHEET

BLANKET

PERFECT PRINT WEB

Printing rubber made in zero solvent technology, environmental friendly. May be applied on fast presses. Suitable for conventional and hybrid inks. Protected against water and solvent absorption.

TECHNICAL DATA

Printing surface	Colour: dark blue Construction: compressive, three layers Surface hardness: 60° Shore A General hardness: 77° Shore A
Roughness	0,8-1,0 µm
Tensile strength	>85 Kg/cm
Elongation	<4,5%
Compressibility	20-35 Kg/cm ² : 0.23mm deflection
Nominal thickness	1,70-1.95mm ± 0.02mm
