TECHNICAL DATA SHEET

Varnish plate – dispersion and UV inks

Description:

- Plate for varnishing, green colour, multilayer, suitable for acrylic and UV varnishes,
- Very high dimension stability
- Resistant to majority of removers used in printing
- Construction of plate allows elimination of ‘orange-peel skin’

TECHNICAL DATA

Nominal thickness	1.15 mm; 1.35mm; 1.95 (ASTM D374)
Substrate thickness	0.350 mm (ASTM D 374)
Colour	green
Adhesion	6 - 12N/25mm
Hardness	89° shore A
